Appendix F

**★APPENDIX F****★GENERAL LEDGER CROSSWALK TO THE STATEMENT OF BUDGETARY RESOURCES****A. General Instructions for the General Ledger Crosswalk**

1. This section provides a crosswalk from the United States Government Standard General Ledger (USSGL) accounts for the Statement of Budgetary Resources (SBR). All SBR accounts are preclosing balances.

2. The crosswalk lists the individual applicable posting accounts. Posting accounts are those which receive the original entry(s) of a transaction, as opposed to summary accounts which subtotal (or total) the balances of specified posting accounts.

3. The lines on the financial statement that require calculations do not cite the USSGL account. This information is provided for each referenced line that is included in that calculation.

**B. General Ledger Crosswalk for the SBR.** The following provides an explanation of the information included in the columns of the crosswalk (all balances are preclosing):

1. Column (1) represents the line number on the statement.

2. Column (2) identifies the title of the line number on the statement.

3. Column (3) identifies whether the beginning balance (B), ending balance (E), or ending minus beginning (E-B) USSGL account balance is to be used.

4. Column (4) reflects the USSGL account numbers included on each line of the statement.

5. Column (5) identifies the title of the USSGL account.

6. Column (6) additional information to be used in developing the presentation of the identified data. Z = Account balance for this account should be reduced to zero prior to the preparation of the preclosing trial balance used to prepare this statement at year end.
